

Dear Doral Park Residents and Neighbors:

As per the newly received statewide orders from the Florida Department of Business and Professional Regulations restricting serving of alcoholic beverages at bars, the 19th Hole has closed the bar service at this time.

Table service inside the 19th hole and outside seating remains available for food and drinks. All social distancing guidelines have been applied to our table seating layout as well as our employees.

Your 19th Hole Restaurant is open and approved by the City of Doral Officials. We will continue to maintain everyone informed as the situation changes.

We look forward to serving everyone and thank you for your

Doral Park Club Management
