

Dear Members,

As we have informed in previous posts, we have taken advantage of our facilities being closed to perform some much needed repairs and improvements to the gym/pool bathrooms and pool area. It is difficult to determine the precise time required to complete all the work by contractors and comply with the dynamic changes in county mandates for re-opening facilities.

At this time we are planning to reopen our gym on Monday, June 22nd. Should we find it feasible to open sooner, we will notify everyone immediately. The pool will remain closed a bit longer as we work towards completing the needed repairs. The forecast calls for the pool to be open by the first week of July. As always, we will keep you informed of the progress promptly.

We would like to thank all of our residents/members for your patience and understanding with regards to the re-opening of the gym and pool. We are working diligently to return the entire facility to its full-operational capacity as soon as possible for the use and enjoyment of our members.

Sincerely,

The Management
